

IDBF WEB NEWS - SEPTEMBER 2013

ADELAIDE CONFIRMED TO HOST CLUB CREW WORLDS IN 2016 BUT 2017 WORLD NATIONS CHAMPS STILL TO BE DECIDED. MOSCOW OR ROTTERDAM !!

Delegates at the 14th IDBF Congress in Szeged, Hungary on 29th July 2013, faced a dilemma when it came to choosing the Host Federation for the 2017 World 'Nations' Dragon Boat Championships! Before the Congress, three intentions to bid for the event had been received from the Netherlands, Poland and Russia but Poland then indicated that they would not bid after-all and as both the Russian and Netherlands bids were provisional ones neither federation had a full presentation to put before the Congress.

After some debate the Congress Delegates agreed that the two candidates would be given 12 months in which to prepare a full bid for the IDBF Council to consider in Ravenna, Italy during the 2014 CCWC and that the Council would then make the final decision on the venue for the 2017 Worlds, on behalf of the Congress.

For the 2016 Club Crew Worlds, bids had been made by Korea and Australia but Korea had subsequently withdrawn. After watching a presentation from the Australian Dragon Boat Federation the Congress awarded the **2016 Club Crew World Championships to Adelaide** with the proviso that if at all possible the dates for the event would be during a school holiday period so as to allow Junior Crews to participate..

Claudio Schermi, President of the Italian Dragon Boat Association and Representatives from Ravenna, updated the Congress on the preparations being made for the 2014 CCWC. After some discussion on dates, the Congress agreed a change in dates from August to the 3-7 September 2014, when the accommodation costs to crews would be much lower than in the high season of August.

INTERNATIONAL BREAST CANCER PADDLERS COMMISSION (IBPCP) October 24-26, 2014, Sarasota, Florida, USA - IBPCP Participatory Dragon Boat Festival

Around 100 BCS Crews have already registered for the IBPCP's Participatory Dragon Boat Festival scheduled to be held from 24-26 October 2014, in Sarasota, Florida. So if your crew is considering going to the Festival, now is the time to solidify your registration! To ensure comfortably managing the two days of race heats, the potential for closing registration is on the horizon. **HEAD COUNT REQUIRED BY 1st OCTOBER 2013.**

Early Bird registration is due no later than 1st Nov 2013. Invoicing will be based on a crew's best estimated head count of crew members and supporters. Early bird fee is \$200 for each paddler up to 26 and each supporter.

Standard registration balances will be due by 1st April 2014. Invoicing will be based on estimated participants at \$225 per team member and supporter. **Team Crew Member Registration Forms** should be submitted as soon as paddlers are committed to attend the festival. **All crews and supporters must register by May 1, 2014** but are encouraged to register as soon as possible to 'lighten the load' for the Sarasota organizers.

For more information go to www.sarasotabcs2014festival.org and click on the Registration header.

IDBF Club Crew World Championships, Ravenna, Italy, 3-7 September 2014.

For those BCS Crews that want a more competitive edge to their Dragon Boating then don't forget that at the IDBF Club Crew World Champs (CCWC) in Ravenna, Italy from 3-7 September 2014, there will be a exclusive BCS Racing Class, plus an All Cancer Survivors Class, which will include mixed crews to include supporters and family members of Cancer sufferers. The BCS and ACS races will be part of the Para Dragons Division.

IDBF CONGRESS CONFIRMS NEW BASIC & FULL MEMBER FEDERATIONS.

The 2013 Congress confirmed as new IDBF Basic Members French Polynesia; Guadeloupe; Kenya; Romania and Monaco and approved Full Membership for Costa Rica; India; Puerto Rico; Reunion Island; Senegal; Slovak Rep; Turkey and Uganda, bringing the total number of IDBF members to 75, with applications pending from three more Countries interested in joining the IDBF family. The membership of the Russian Dragon Boat Federation (RDBF) was revoked by the Congress in favour of the Russian Association of Paddle Sports (RAPS).

IDBF WORLD CUP SERIES – 1st IDBF WORLD CUP, CHINA 2014.

Delegates at the 14th IDBF Members Congress in Szegeed, approved overwhelmingly the recommendation of the IDBF Executive & Council to establish a new bi-annual world class event, to be held in China on the day of the Dragon Boat Festival – the ‘Double Fifth’ and to be named the ‘**IDBF WORLD CUP**’.

The 1st IDBF World Cup will be held on Monday 2nd June 2014, to which the top 6-10 Teams from the World Dragon Boat Racing Championships (WDBRC) held in Szegeed or in the future a Club Crew World Championships (CCWC) will be invited to compete with their Premier Open, Women and Mixed crews in the name of their Country or Territory, against top Teams from China, sanctioned by the CDBA.

The hosting City and World Cup Organisers will provide all local transportation, accommodation and food for the competing crews. The World Cup Organisers will also provide Prize money for all International Teams. Whilst the International Teams will be required to cover their own travel costs to China, sponsors are being actively sought to cover travel costs too.

The final date and place for the 1st IDBF World Cup and the format of the racing will be fully discussed over the weekend 19/20 October 2013, between the IDBF, the Chinese Dragon Boat (Longzhou) Association (CDBA) and Chinese Television – CCTV, who will be the IDBF Media Partner and broadcast the **IDBF World Cup** on their national channels in China and through CCTV Sport, to a world-wide audience.

The Dragon Boat Festival (Duanwu Festival, Duānwǔ Jié, Double Fifth, Tuen Ng Jit) is a tradition that commemorates the life and death of the famous Chinese scholar Qu Yuan (Chu Yuan). The festival occurs on the fifth day of the fifth month on the Chinese lunar calendar. The festival was long marked as a cultural holiday in China. However, it wasn't until 2008 that the Dragon Boat Festival was recognized as a traditional and statutory public holiday in the People's Republic of China.

The festival commemorates the life and death of the famous Chinese scholar Qu Yuan, who was a loyal minister of the King of Chu in the third century BCE. Qu Yuan's wisdom and intellectual ways antagonized other court officials, thus they accused him with false charges of conspiracy and Qu Yuan was exiled by the King. During his exile Qu Yuan composed many poems to express his anger and sorrow towards his sovereign and people.

in 278 BCE, at the age of 61, Qu Yuan drowned himself by attaching a heavy stone to his chest and jumping into the Miluo River. Believing Qu Yuan to be an honourable man the people of Chu tried to save him, they searched desperately in their boats looking for Qu Yuan but were unable to find him. Every year since the Dragon Boat Festival has been held in Southern China to commemorate this desperate attempt to rescue Qu Yuan.

The local people also began the tradition of throwing sacrificial cooked rice into the river for Qu Yuan, while others believed that the rice would prevent the fishes in the river from eating Qu Yuan's body. At first, the locals decided to make zongzi in hopes that it would sink into the river and reach Qu Yuan's body. However, the tradition of wrapping the rice in bamboo leaves to make zongzi began in the following years

One of the prime objectives of the IDBF is to protect and maintain the cultural, historical and religious traditions of Dragon Boating. Foremost of which is the culture and traditions associated with Qu Yuan and the Dragon Boat Festival, so it is fitting and very appropriate that the **IDBF WORLD CUP** should be held on the ‘Double Fifth’ when, through CCTV, our Sport and its traditions can be shared with a global audience.

CANADA, CHINA OR THE USA – WHO WOULD TAKE THE ‘NATIONS CUP’ AT THE 11TH WORLD DRAGON BOAT CHAMPIONSHIPS IN SZEGED ?

The ‘Nations Cup’ the premier trophy of the IDBF World Dragon Boat Racing Championships, was again a closely fought contest in Szeged, with Open, Women’s and Mixed Crews, in both the Standard and Small Boats all counting for points over the Premier 1000m, 500m and 200m race distances.

As expected it was a close run thing with only six points before the start of the Standard Boat Open 500m Grand Final, separating China and Canada, who had won all three Gold Medals in the Premier Standard 2000m Championships on Day 1. 26 points were up for grabs in the Open 500m, would three times winners Canada win the Nations Cup for the fourth time or could the present holders and two times winners the USA push both Canada and China down the points table and grab the title for themselves.

It all came down to this final race of the final day, Race number 300 on the programme and true to form China stormed down the course to repeat their 200m success, winning the 500m title in a time of 1.53.84, followed by Germany and Canada in the medal winning positions, with USA, the Philippines and Czech Republic completing the finalists in this the ‘Blue Ribbon’ race of the Championships.

So it was China with 163 points in total, who took the Nations Cup for the third time, equaling the record of Canada, who won the trophy consecutively in 2003-2005 but who had to settle for second place with 153 points. Europe has proved a happy hunting ground for China who last won the Nations Cup in 2009 at the 9th Championships in the Czech Republic. Their first victory was at the 1st World Championships in 1995.

Disappointment then for defending Champions the USA who finished fourth in the table with 132 points but a powerful display by Germany who were third placed, out of the 26 Nations competing for the Premier Nations Cup, with 133 points. The Philippines, Czech Republic, Australia, Hungary, Macau and the Ukraine, completed the ‘top ten’ Premier Nations. **In the Small Boat category Russia and Chinese Taipei** shared the Gold medals in the 200m and 500m Championships, with Australia taking both Silver Medals.

In the Premier Women’s Championships, Canada retained their top spot trophy, with China second and the USA third. Germany, Australia, Czech Republic and Thailand completing the top six out of sixteen nations **In the Small Boat category it was Thailand’s Premier Women** who stole the show, by winning both Gold Medals over 200m and 500m, with the Philippines and Chinese Taipei sharing the Silver and Bronze Medals between them. Great Britain finished in fourth place on both occasions followed by Trinidad & Tobago and Puerto Rico.

The U24s Division saw eight Nations competing. Canada again dominated the points table, winning all the Standard Boat Gold Medals, followed by Hungary taking all but two of the Silver medals, they went to Sweden and the Slovak Republic, who also took all but two of the Bronze medals. Sweden and Hong Kong taking the balance. **In the Small Boat category** the Australian U24s Women won both Gold Medals over 200m and 500m.

In the Senior Division, sixteen Senior A Nations battled it out for Cup Points. Eleven Senior B Nations and five in the new Senior C class completed the Senior Division line up. Canada were again dominant across the Division, winning 11 Gold Medals in the process and retaining the Senior Trophy. USA were second, Germany third, then Australia and Ukraine. The Czech Republic and Hungary tied for sixth place.

In the medals hunt, Germany took three Senior A Open Golds and Hungary one, with Canada scooping all but one of the Womens’ and Mixed Gold Medals. USA took the other one. In the Small Boat category Russia and Great Britain shared the Gold Medals, whilst Italy and the Slovak Republic mopped up the Silvers, with the Puerto Rico and USA Women’s crews taking the Bronze medals. Ukraine won all three Senior B Standard Boat Open Gold Medals but dominant Canada took all of the Women’s and Mixed Gold Medals. Australia and Russia shared the Small Boat Golds.

In the new Senior C Championships, Australia won five Gold Medals to Canada’s four, with both taking the reverse number of Silvers. The USA and Czech Republic shared the Bronze Medals.

Ten Countries contested the Junior Championships, with Canada, China and Hungary taking the top three spots in the Junior Trophy. The Czech Republic, Australia and Poland completed the top six. Canada (7), China (3) and Hungary (1) shared the Standard Boat Gold Medals, Thailand and Australia the Small Boat Golds, with Australia also taking the Small Boat Junior B Gold medals and Canada the Silvers.

Thirty three IDBF Members in total entered the Worlds across the Divisions competing in Standard or Small Boats but visa refusals and late financial difficulties resulted in Ghana, French Polynesia (Tahiti), Kenya, Senegal and the United Arab Republic not making the start line. That left 28 Countries and Territories racing in Szeged. Cyprus, Serbia and Romania were competing for the first time at a World Championships, with Trinidad and Tobago and Puerto Rica crossing the Atlantic to compete in Europe for their first time.

ELECTION NEWS AS FOUR VICE-PRESIDENTS' BECOME FIVE AND A NEW CHAIRMAN FOR THE IDBF PROTOCOL & HERITAGE COMMISSION

For the first time at an IDBF Congress there were more nominations for the four IDBF Vice-Presidents' posts than there were vacancies. With the two longest serving Vice- Presidents, **Mason HUNG** (Hong Kong) and **Bob MORRO** (Usa) not seeking re-election, nominations for **Raymond MA** and **Ginny PERRIN** to take their places had been received from the IDBF Members concerned, as well as nominations for **Claudio SCHERMI** (Italy) and **Ahmed DONYAMALI** (Iran) to serve for a further term as IDBF VPs.

In addition, following the decisions of the 2009 Congress held in Tampa, the number of VPs would increase from 2014 with the election of a fifth VP who, in recognition of Dragon Boating's Chinese cultural and historical background, would be nominated by the Chinese Dragon Boat Association unopposed. The CDBA nomination was **Ji Yunxi**. In addition nominations had been received from Canada for **Matt SMITH** and Hungary for **Peter JAROSI**, giving a total of six nominations for the four contested Vice Presidents' posts.

Ji Yunxi was elected unopposed to take the new post of the fifth VP and in a very close run election (only three votes separated three of the candidates) for the remaining four posts, Raymond MA, Ginny PERRIN, Claudio SCHERMI and Matt SMITH were duly elected to serve from 1 January 2014. Claudio Schermi as the longest serving VP will become the Senior IDBF Vice-President following the retirement of Mason Hung.

In recognising their service to the Sport, for more than 20 years, the Congress granted Honorary IDBF Membership to Mason HUNG and Bob MORRO on their retirement as Vice-Presidents.

ALL CHANGE FOR THE IDBF PRESIDENT AND EXECUTIVE PRESIDENT TOO. Also retiring at the 2013 Congress was the IDBF President **Madam Xiao Min**, as from 1 January 2014, following a CDBA proposal to the 2011 Congress, the IDBF will have only one President's post, reverting back to when the IDBF was formed in 1991. The Executive President's post will be re-titled as the President in January and the present EP, **Mike HASLAM**, will hold the President's post until the 2015 IDBF Members Congress in Welland, Canada.

Also in keeping with the decisions of the 2011 Congress, the CDBA nominated Madam Xiao Min to be the new IDBF President of Honour from 1 January 2014, which the 2013 Congress endorsed unanimously.

In other changes to the Executive Committee & Council, **IDBF Secretary-General HU Jianguo** (China) will stand down from the post on his retirement from work and **Deputy Sec-Gen, Peter TANG** (Macau) will become the **IDBF Acting Sec-Gen**, until the 2015 Congress. **YU Hanqiao** (China) remains in post as the IDBF Deputy Sec Gen. In a final re-shuffle **Rex XIN** (China) has been appointed as Chairman of the IDBF Protocol, Cultural & Heritage Commission and will be responsible for developing and maintaining the Historical Records for the Sport.

LIVE WEB TV COVERAGE OF DRAGON BOATING IN SZEGED - IDBF LINKS UP WITH BELIEF PRODUCTION GROUP

The World 'Nations' Championships in Szeged, saw the continuing development and expansion of the IDBF TV web streaming service, following on from the success of the coverage of the Hong Kong, Club Crew Worlds in 2012. With five days of continuous coverage of the racing, plus linking interviews, medals ceremonies and a live chat room, a new bench-mark was well and truly set in Szeged and over 50,000 viewing hours were clocked up during the Championships.

Produced for the IDBF by the Belief Group, using TV cameras and personnel provide by a local web streaming company, the innovation of an over-head flying camera gave great pictures off the start and of the crews racing, following them down the course in close up, from start to finish and projecting the races on to the giant video screen, at the same time, for spectators to watch too.

Race commentary by Murray Jones and linking interviews by Richard Smith, coupled with the backroom production skills of Phil Keeler ably assisted by lively Windsor Wong in the chat room, resulted in some entertaining and very professional coverage of the Championships.

You can watch recorded highlights of the Szeged Worlds via the IDBF website at www.idbf.org or through www.idbfdragonboat.tv where you can also watch other IDBF library videos or directly through the New York based Live Stream web company at www.Livestream.com, then scroll down to the Latest Videos and/or the Library Section of IDBF Television and click on the appropriate icon.

EXECUTIVE PRESIDENT LOOKS TOWARDS IOC RECOGNITION

In his report to the 2013 IDBF Members Congress in Szeged, Executive President Mike HASLAM told Delegates that the past two years have been ones of consolidation for the Federation, especially within the world of international sport. The IDBF was now well established within SportAccord and IDBF Officials had met regularly with the World Anti-Doping Agency (WADA). As a result the EP was able to inform the Congress that, following a revision of the IDBF Anti Doping Policy to include out of competition testing, the IDBF was now fully compliant with the WADA Code, a pre-requisite for recognition by the International Olympic Committee (IOC).

With regard to IOC Recognition the EP advised Congress that the IDBF Application had been submitted to the IOC Sports Department for consideration and that further meetings with IOC Officials were planned to discuss how the IDBF can address those aspects for recognition that Dragon Boating, as a Sport, does not presently meet. In their latest letter to the IDBF, the IOC Sports Department Officers had said:-

"We appreciate all the effort invested in this application process and we would like to organise a debrief session to provide you with detailed feedback on the aspects that could be improved in your application. We remain at your disposal to discuss the format of the debrief session and we trust that we will be able to work with the IDBF to further advance its development"

The EP felt that the letter was encouraging and showed that the IOC accepts the IDBF's status as the World Governing Body for our Sport, a status confirmed by the Court of Arbitration for Sport (CAS) in 2008. However, the EP felt that there was still a need to amend the IDBF Bye-Laws concerning the Continental Federations to bring the Sport into line with the IOC regarding which Countries can compete in Olympic Movement Continental Games, such as the Asian Games and to clarify the Membership criteria of our Continental Federations

The EP reported that IDBF Membership continues to grow with over 70 Countries and Territories now in membership, of which nearly 50 have competed internationally. Many of them had sent crews to the 2012 Club Crew Championships in Hong Kong, in which close to 5000 Dragon Boaters took part and in Szeged 2013 records had been broken too with around 3000 participants.

44 IDBF Members had provisionally entered the 11th World 'Nations' Championship of which 33 confirmed their participation. Unfortunately financial problems and visa difficulties reduced this number still further to 28 but this was still the highest number of Countries participating at any World Dragon Boat Championships thus far.

Ensuring that World Championships are within the financial reach of the IDBF Members and accessible to all Representative Teams, was a priority for the IDBF Council and Championship Organising Committees to address if the success of IDBF World Championships was to be maintained, the EP opined.

The EP reported that the IDBF Development Boats Scheme in which the IDBF sends Dragon Boats to new and developing Countries, was working well, with donated boats going to Ghana, Uganda, Senegal, Cyprus, the Philippines in the past 2 years and boats in the pipeline for Serbia and other IDBF Members. Donated Boats and Paddles were also part of the IDBF Partners Scheme with 5 Platinum Partners, 1 Gold Partner and 4 Bronze Partners, registered for 2013, namely

Platinum Partners - Buk, Champion, Pei Sheng (Boats). Grey Owl, Braca (Paddles)

Gold Partners - Swift International (Boats)

Bronze Partners - Burnwater, G Power, Trivium, Swift (Paddles)

The EP concluded that for the scheme to develop and be maintained, including making sure that the Partners get the benefits due to them from the IDBF, there was a need for a specific IDBF Official to oversee the scheme and work with the Partners directly. The EP felt that as a volunteer based organisation the IDBF does not have enough of its elected officials helping to run the Federation on a day to day basis.

Too much work was being placed on the shoulders of too few people and this situation must change if the IDBF was to develop the Sport effectively. The EP advised the Congress that he had identified some key areas of the IDBF's work, which could be shared between the Vice Presidents to give them a more active and worthwhile role in running the affairs of the IDBF.

The EP concluded on a personal note by thanking the IDBF Members, IDBF Officers, Officials and his many friends and colleagues within the Sport for their kind and comforting thoughts over the past year since the unexpected death of his wife Phyll MacKeddie, one of the founding officials of modern Dragon Boating. Without such support the EP said that he would have found it very difficult to have continued with his work for the IDBF.
